

- PUHL TRIM SEPARATOR -

Note: Guard removed In drawing for viewing purposes.

Trim separators are compact and effectively reduce the space and roof height requirements as compared to a conventional cyclone system.

Puhl Trim Separator Features:

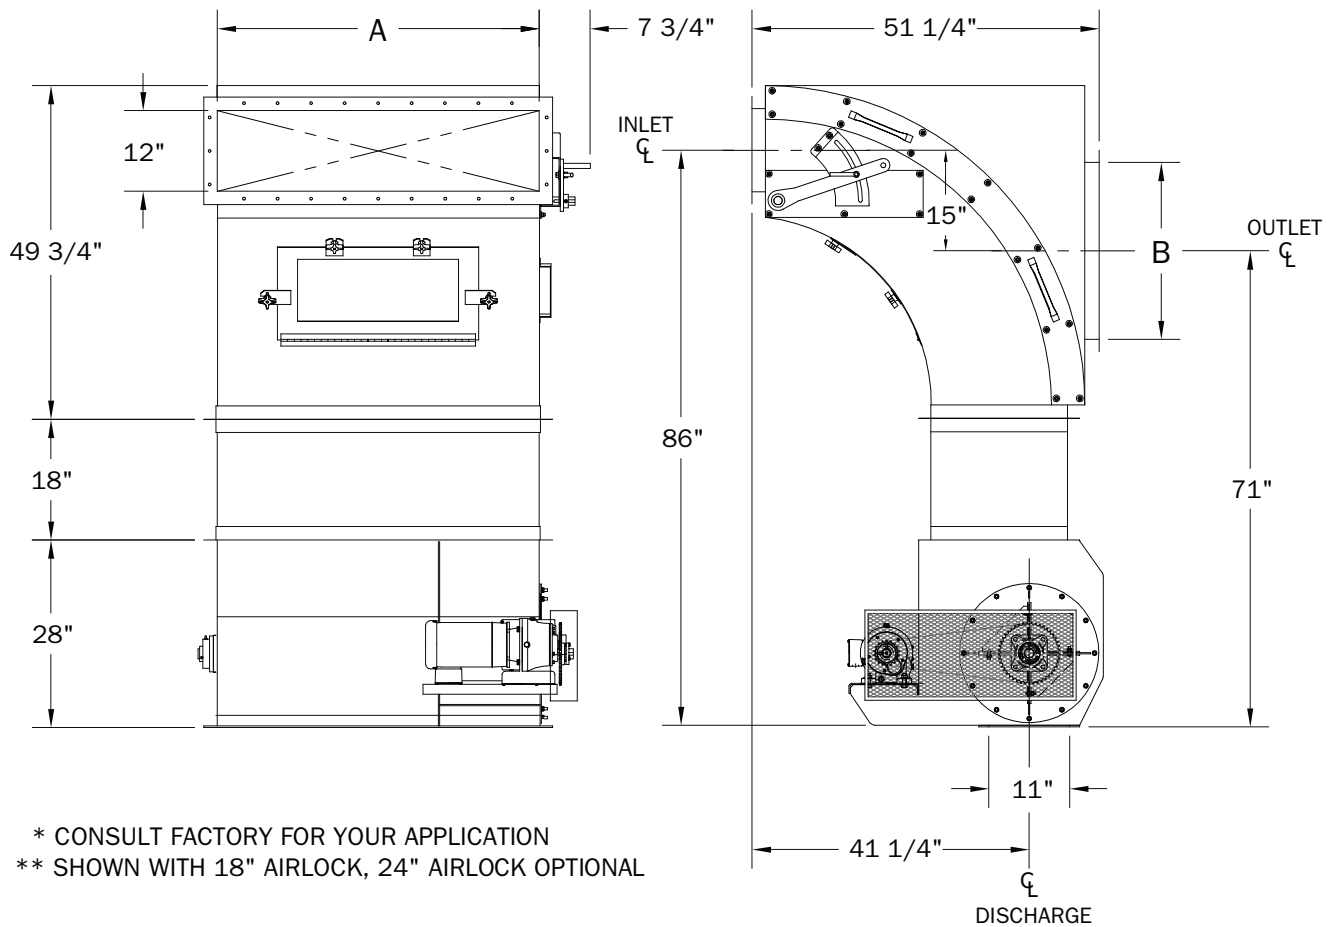

- **Curved screen improves separation efficiency with reduced plugging.**
- **Clear viewing window for visual inspection and tool-less easy access.**
- **Quick replace screen removable frame from side.**
- **Adjustable airfoil design to allow airflow and material speed adjustment.**
- **Optional heavy duty airlock.**
- **Replaceable airlock blade tips.**
- **Installations can be made in parallel (side by side configuration)**
- **Can be installed to saddle onto an existing trim waste duct system as a concentrator.**
